# Progressive Web Application(PWA)

The image shows a Progressive Web Application (PWA) running in a browser and its development environment. The browser window displays the 'Weather PWA' interface for New York, NY, showing the date, time, weather conditions, and temperature. The development tools are open, showing the 'Resources' tab with a list of resources. A red box highlights the 'Resources' tab, showing two entries for 'https://publicdata-weather.firebaseio.com/' with status 'OK'. Another red box highlights the terminal window, showing the command 'npm start' and the output 'pwa-weather-example@0.0.0 start /Users/arvin/Documents/pwa-weather-example'.
